## Events, Construction & Advisory Council

**BUDGET/FINANCES:** Of the total pledges raised to date, \$2,181,760 has been collected in cash payments. We have disbursed approximately \$1.6 million to purchase the building, which we now own “free and clear,” as well as pay for professional and legal fees, and fundraising expenses. This leaves close to \$600,000 in cash and investments in the capital campaign account as of November 15, 2002. The funds on hand, as well as the outstanding amount due on pledges, will be used to pay for construction costs. Although we are arranging a credit line to help cover pledges not yet collected, we hope to minimize the incurrence of interest fees.

**CONSTRUCTION: 01.02.03 GO!** We will begin construction on January 2<sup>nd</sup>, 2003...mark your calendar! We are currently reviewing contractors’ qualifications and will issue bid documents shortly. We are planning for a move-in date of early fall – less than one year away!

**PROGRAMS:** On December 4<sup>th</sup>, the Center for Architecture will hold its fourth symposium, **20:20 Foresight – The Future of Architecture**, at the National Museum of the American Indian, U.S. Customs House, 1 Bowling Green. The program will bring together the four Heritage Ball honorees – Hugh Hardy, FAIA, Ken Holden, Betsy Barlow Rogers and Jonathan F.P. Rose – to further discuss issues of place making and the collaboration involved in the creation of great public spaces. To register or obtain more information, please call Patty West at 212-683-0023 x 14.

**ADVISORY COUNCIL:** The Center for Architecture is currently taking recommendations for individuals to serve on the Advisory Council, the group of design, construction and real estate leaders who will help develop and implement programs at the CFA. To nominate an individual, or for further information about the Advisory Council, please log onto <http://www.aiany.org/eOCULUS/2002/09.18.02.htm> or contact Pamela Puchalski at 212-683-0023 x 16 or ppuchalski@aiany.org.
