**CENTER FOR
ARCHITECTURE**

The Center for Architecture is the premier cultural institution for international exhibitions and dialogue on architecture, design, and the built environment. The Center for Architecture has been the home of the American Institute of Architects New York since October 2003, and provides a unique opportunity to experience architecture and design through exhibitions, professional exchange, and social events.

Located in the heart of Manhattan's historic Greenwich Village neighborhood, this modern facility offers a variety of spaces for outside rental to private companies, non-profit organizations, and individuals, bringing urban grace, New York sophistication, and downtown style to any gathering.

Edgar A. Tafel Hall

Named for the longtime AIA NY member, Greenwich Village resident, and apprentice of Frank Lloyd Wright, Tafel Hall is the Center for Architecture's signature presentation and reception space. High ceilings, a mezzanine overlook, and natural lighting make this spacious and flexible gallery a perfect fit for symposia, lectures, films, and receptions. The adjacent Kohn Pedersen Fox and HLW Galleries are well-suited for registration, table displays, and refreshments, with direct access to the catering kitchen.

- HD camera for video conferencing
- Pre-programmed lighting states to ensure clear video output
- Integrated speakers, tuned for high-quality audio conferencing
- HDMI input for PC or Mac
- Crestron AirMedia or Apple AirPlay available

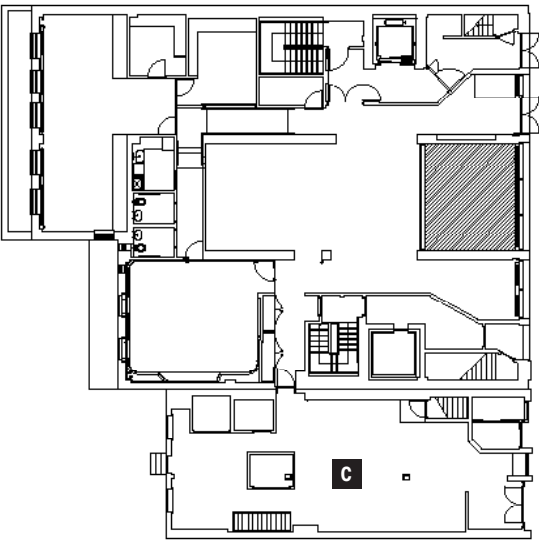

532 Space

A storefront space located just south of the Center for Architecture's main entrance, available for gallery installations and special events. This intimate space is ideal for receptions, luncheons, trainings, or lectures within the raw gallery walls. A special feature is the opportunity to mount exhibits, either for one-time event display materials or extended installations. This space has its own street entrance, if desired, and includes direct connection and use of the outdoor patio.

Ground Level (C 532 Space)

Specs

Square footage	1,047
Ceiling height	8'11"
Theatre-style seating	50
Classroom	20
Roundtable	40
Reception	74

Exhibition Mounting: The 532 Space gallery is available for daily, weekly, and monthly rental as a gallery space, as schedule permits.

Technology

Up to 4 microphone inputs
VGA / HDMI content feed for PC or Mac
WXGA, 3400 lumen projector; sound reinforcement for video or audio

Training Center

The Training Center is equipped with 8 PC workstations for computer-based training. A small kitchen is adjacent to the room, allowing the Training Center to convert to a catering prep area for events in Edgar A. Tafel Hall.

Lower Level (**H** Edgar A. Tafel Hall, **I** Kohn Pedersen Fox Gallery, **J** HLW Gallery, **K** Ibex Training Center)

Specs

Square footage	380
Ceiling Height	8'11"
Classroom	8
Roundtable	12

Technology

- 13 laptops with wireless internet capability
- Ability to pre-install training software, with proper licensing
- Portable video projector available
- TV with VGA and HDMI inputs
- Conference phone available upon request

Entire Ground Floor

Whether a lecture in one space followed seamlessly by cocktails and dinner, or a reception spread throughout the galleries and patio, the ground floor spaces can be used in tandem to host a dynamic event. Capacity varies depending on the set-up, but the space can accommodate up to 200 people for a standing reception.

Entire Facility

Three stories of exhibition space, visually connected from the streetfront and flowing between floors, offer a vibrant backdrop to conferences and festive celebrations at the Center for Architecture. With simulcast projection between floors, the Center for Architecture can accommodate lectures of up to 275 seats. Standing reception capacity is 500. Banquet capacity is 190. Use of the entire Center for Architecture is ideal for conferences, family and social events, and holiday parties.
