AIANY Women in Architecture is back from the summer break, and we invite you to attend our first fall committee meeting on 9/21! After our monthly announcements, we are delighted to have DS+R's **Zoe Small, AIA** and **Bo Liu** present the design of **15 Hudson Yards** and the **Berkeley Arts Museum and Pacific Film Archive**. They will share with us the project narratives, initial concepts, design challenges, innovative solutions, the technical feats, and explain how the buildings impact the built environment and contribute to the community. Don't miss out!
